

This file contains lists of all code repositories collected during our the repo selection phase of our technical observation study.

1. **Pool of Journalistic Repositories** The first pool of repos constitute journalistic repos, gather from a systematic search of [GitHub](#) and [ObservableHQ](#).
2. **Pool of Journalistic Repositories with Data Analysis** The second list constitutes our pool of journalistic repositories containing data analysis, which was obtained from manually inspecting the contents of the first pool. We include this second list as part of our secondary contributions.

Pool of Journalistic Repos

Out [159] :

Below is an index into 1301 journalistic repositories we located through a systematic search of [github.com](#) and [ObservableHQ](#).

Out [152] :
